Improving Health and Safety Programs

CMI's team of Certified Safety Professionals (CSP) and Certified Industrial Hygienists (CIH) can assist you to develop or optimize your health and safety management systems. Our team will provide you with customized programs in the following areas:

- OSHA Compliance
- Audit and Corrective Action Systems
- Job Safety Assessments
- PPE Hazard Assessments
- Emergency Planning and Prevention
- Confined Space Assessments and Programs
- Electrical Safety Assessments and Policies
- Safety Committee Development and Optimization
- Safety Inspections and Tracking Processes
- Accident Investigation and Management Procedures
- Return-to-Work Programs
- Waste Management Reporting and Training

Highly Trained and Engaging Trainers

CMI's team of professional trainers will work with you to create training programs designed to improve your safety performance and ensure OSHA compliance. This includes programs geared toward managers and supervisors as well as employees. We provide train-the-trainer programs as well as customized instructor-led programs in the following areas:

- Root Cause Accident Investigation
- Safety Committee Certification
- Ergonomics and Safe Lifting
- HAZWOPER (4-, 8-, 24- and 40-Hour Courses)
- OSHA Basics for Supervisors
- DOT and Hazardous Materials
- OSHA Compliance
- OSHA 10- and 30-Hour Courses
